Skills

PROGRAMMING

- Core Java
- Exception Handling
- Multithreading
- J2EE
- Regular Expression
- Data Structure
- Html/CSS • MYSQL
- JDBC • JSP/JSTL

Framework

- Hibernate • Servlet
- Spring Core • Spring MVC
- Spring Boot

MISCELLANEOUS

- Eclipse • Git

Achievements

- Rewarded from **GeeksforGeeks** for participate in POTD challenge.

Experience

• JAVA FULL STACK DEVELOPER

JSPIDER

July 2023 – March 2024

Offline

- Completed internship at **Jspider**, gaining hands-on experience in **Core Java, J2EE, JDBC, Hibernate, Servlet, and Spring Framework**.
- Applied acquired skills to develop practical projects showcasing proficiency in Java Full Stack development.
- Gained practical insights into project development using industry-standard technologies under the guidance of **Jspider**.

• JAVA DEVELOPMENT INTERNSHIP

OCTANET SERVICES PVT LTD

January 2024 – February 2024

Online

- Completed internship at **Octanet solution**, gaining hands-on experience in **Core Java, J2EE and JDBC**.
- Applied acquired skills to develop practical projects showcasing proficiency in Java development.

Projects

Book Management System

GitHub

Open Source Contributions

August 2023 - October 2023

Remote

Led the development of a robust Book Management System utilizing Spring Boot, Thymeleaf, and MySQL. Demonstrated expertise in full-stack web application development, database integration, and responsive user interfaces.

Tech Stack :- Spring Boot, Hibernate, Thymeleaf, MySQL database, HTML, CSS, JavaScript.

Blood Bank Management System

GitHub

Educational Project

February 2023 - May 2023

Remote

Engineered a cutting-edge Blood Bank Management System using Advanced Java (JSP) for inventory tracking, donor management, and transfusion processes. Led the digital transition of work processes with hospital staff, optimizing resource allocation and streamlining administrative tasks.

Tech Stack :- Java (JSP), MySQL database, HTML, CSS, JavaScript, Apache Tomcat Server 9.

SP Mart Ecommerce Website

GitHub

Open Source Contributions

December 2023-April 2024

Remote

Developed a robust e-commerce platform designed to enhance the online shopping experience. Secure login and registration with email verification and password encryption. Comprehensive product listings with detailed descriptions, images, and real-time inventory updates. Seamless shopping cart functionality allowing users to add, update, and remove items with ease.

Tech Stack :- Java (JSP), Hibernate, MySQL database, HTML, CSS, JavaScript, Apache Tomcat Server 9.

CERTIFICATION

Java (HackerRank)

Certified in Java programming through HackerRank, demonstrating proficiency in core concepts and strong problem-solving skills and foundation in Java.

SQL (HackerRank)

Certified in SQL database through HackerRank, demonstrating proficiency in SQL and the ability to solve complex database problems.
